

Tony Fung

Full Stack Developer

North York, ON | (647) 594-1957

tonyfung86@gmail.com | [linkedin.com/in/tony-fung-7942bb250/](https://www.linkedin.com/in/tony-fung-7942bb250/)

Objectives:

I am a result-driven programmer with **2.5 years of experience** in **full stack development**. Throughout my career, I have consistently demonstrated that I am **responsible, reliable**, and able to **deliver high-quality software products**. I established **strong working relationships**, fostered **open communication**, and **collaborated effectively with clients and colleagues** to achieve successful outcomes. I am seeking an opportunity to contribute to a dynamic team as a **full stack developer**.

Technical Skills:

- Front-end: JavaScript, TypeScript, React, HTML, Bootstrap, jQuery, XML
- Back-end: PHP, Node JS, Express, Restful API, Express, Firebase, C#
- Database: MySQL, MSSQL, MongoDB
- Other: Linux, GitHub, npm, Docker
- Multilingual: Fluent in English, Mandarin, and Cantonese. Proficient in Japanese

Work Experience:

NetSoft Limited

Nov 2023 – Present

Analyst Programmer (Remote, full time)

- **System maintenance and trouble shootings**, including system versions and libraries upgrade, bug resolution, ensuring smooth and error-free system operations. Contributed to the stability and optimal performance of systems

NetSoft Limited

Sep 2020 – Apr 2023

Analyst Programmer (full time)

- **Developed and optimized the CMS system** for efficient front-end content management. Constructed a front-end program that provided an exceptional user experience to clients and the public. **Attained a 50% reduction in the client's daily workload** by automating manual tasks.
- **Revamped government websites** and **established a seamless linkage to a CMS** for enhanced performance and management. I successfully completed more than **5 projects** in the past 2 years, and our **customers were highly satisfied** with the quality of the work and the results achieved.
- **Work as a liaison among client and technology teams** to comprehend their system requirements. Provided valuable suggestions and innovative solutions to align with and accomplish their goals. **Successfully completed the project within the designated timeline**, while concurrently enhancing outcomes in terms of design and functionality.
- **Addressed system bugs and issues within client workspaces**. Assisted clients in resolving unexpected problems during emergency situations to ensure that their work would not be interrupted by system errors or shutdowns. **I became confident in my ability to troubleshoot and resolve bugs**, even when encountering different or unexpected errors.

Education:**Hong Kong Baptist University**

Aug 2018 – Sep 2020

Bachelor of Science (Hons.) in Computer Science**Eligible holder of Canadian Open Work Permit****Appendix****Employment letter:****netsoft**
